

HARNEY ELECTRIC COOPERATIVE, INC.

SCHEDULE CB - INDUSTRIAL
(Effective March 1, 2016)

AVAILABILITY

Available to members of the Cooperative requiring more than 300 kVa of transformer capacity of service to commercial or industrial establishments and other uses subject to the rules of the Cooperative, or the provisions of such other rate schedules as the Cooperative may have in effect.

New service may be curtailed from time to time at the discretion of the Board of Directors. Power may be interrupted or curtailed from time to time and voltage may fluctuate depending on sources of power and system capacity.

DEMAND CHARGES

\$12.00 kW of demand (15 minutes)

ENERGY CHARGES

All kWh per month at 12.0¢ per kWh

Seller's current rate schedule may be changed from time to time by Seller's Board of Directors. Voltage may vary from time to time.

BASIC SERVICE CHARGES

The basic monthly service charge under the above rate shall be \$300.00. Where more than 300 kVa of transformer capacity is required, the basic monthly charge shall be increased by 75¢ for each additional kVa or fraction thereof required. Where it is necessary to extend or re-enforce existing distribution facilities, the basic monthly charge may be increased to assure adequate compensation for added facilities. Aid to construction may be required in accordance to policy set forth by the Board of Directors.

All established/applied agreed monthly and annual basic charges will remain in effect, and, all services must be paid, whether disconnected or not, while service is in place unless written agreement states otherwise.

POWER FACTOR ADJUSTMENT

The consumer agrees to maintain unity power factor as nearly as possible. Demand charges will be adjusted for consumers with 50 kW or more of measured demand to correct for the average power factors lower than 95 percent and may be so adjusted for other consumers if and when the Cooperative deems necessary. Such adjustment will be made by increasing the measured demand one percent for each percent by which the average power factor is less than 95 percent lagging. The user may be required to install secondary capacitors for power factor correction.

TERMS OF PAYMENT

Payments are due by the 15th of each month. If not paid by the due date, it is subject to disconnect. If delinquent upon disconnect a charge will be assessed to cover the added expense.

FRANCHISE FEES OR TAX ADJUSTMENTS

The amount of any franchise fees or franchise taxes levied by any quasi-municipal entity shall be added to the above charge for electricity sold within the area where such fee or tax is imposed.
